

PERI & SONS

PERI & SONS[®]
FARMS 
Where good things grow.

Stemming from a family-farming heritage, **David Peri has grown Peri & Sons Farms far beyond what his grandfather could have imagined** when he emigrated from Italy to farm in America back in 1902. Building on what he learned from his father and grandfather, today David farms thousands of acres of red, white, yellow, sweet and organic onions.

Peri & Sons Farms is dedicated to creating a healthy farming business that **meets the needs of the present without compromising the future**. Their dedication to being Non-GMO, USDA Certified Organic, Pesticide Residue Free and to Food Safety has earned them the **GFSI/GlobalGAP certification** – a level of certification not many farms are able to achieve. They are also proud to be **the first recipient of SCS Global's Sustainably Grown certification for domestic onions**.
