

RIVERDOG FARM

Riverdog Farm is a 450 acre diversified family farm that grows vegetables, fruits, nuts, and raises chickens and pigs.

They are certified by **California Certified Organic Farmers (CCOF)** and are located in the beautiful **Capay Valley** where rich creek-bottom soil, intense summer heat and winter frost make exceptionally tasty **fruits** and **vegetables**. Since 1990, Riverdog Farm has used a system of compost, crop rotation, cover cropping and hedgerow planting to keep their soil healthy and to promote a healthy ecosystem around their farm.

Partners **Tim Mueller** and **Trini Campbell**, along with their daughter and 50 full time employees, keep the farm going year-round. Their **seasonal, organic produce** reflects the best in **California locally grown** fresh fruits and vegetables.

From their fields to your table, **Riverdog Farm** offers you freshly harvested produce, every week, all year round.
