

Extraordinary Service at the Speed of Fresh

Sharon Schommer, Inside Sales Manager

Sharon started at General Produce in 1991 after spending 13 years in the food service and restaurant industry. As the Inside Sales Manager, her primary concern is *customer care*. She is the liaison between all departments and communicates with both internal and external customers to effectively resolve daily produce concerns.

She is responsible for training and supervising inside customer service representatives and our friendly receptionists. Sharon is in frequent communication with our drivers to assist with logistics, product and service inquiries. Her vibrant energy and tireless efforts are essential in solving our customer requests and satisfying their needs. At the end of the day, that is the best reward for her very challenging position.

At home, Sharon loves to spoil her Bichon Frisé Willie, a wedding gift from her husband. With her husband, she is active in their church community. Additionally, she enjoys reading, entertaining, cooking, and collecting cookbooks; she has over 300!
