**CUTLER, CA  
THREE GENERATIONS**

--  
**TREE FRUIT**

**WAWONA ORCHARDS & PACKING** is a third generation tree fruit company founded by the **Smittcamp** family in 1948. They are currently **farming 6,000 acres in California and pack just over four million boxes per year.**

Their mission is to produce the most flavorful tree fruit in the industry, pack to the highest standards, and deliver on a consistent basis; ensuring customers the ultimate eating experience. One indicator is the gentle handling they give to tree-fruit. **The fruit is hand picked and packed into 23 lb. bins rather than the *standard* 1000 lb. orchard bins.**

Their **packing facility was rebuilt in 2006**, adding state-of-the-art pack lines, pre-coolers, and cold storage rooms. Controlling the continuity of supply, varieties, and quality, **Wawona does not have any outside growers or packers.**

Wawona also grows and packs a full line up of **organic tree fruit.**
